EXPERIENCE

BOT2DO TECHNOLOGIES PVT LTD   Oct 2024 To Jan 2025
Frontend Developer Intern (Full Time)   Mumbai, Maharashtra
- Implemented various APIs and resolved bugs to improve application functionality and performance.
- Developed new features using React and Redux, contributing to multiple projects while exploring new technologies.
- Successfully translated Figma designs into fully responsive React websites, encompassing intricate features such as multi-page layouts, sliders, card components, and ensuring optimal user experience across various screen sizes.
- Created interactive dashboards featuring dynamic visualizations like pie charts, bar charts, and graphs leveraging the Recharts package. Additionally, implemented robust PDF download functionality utilizing the pdfRenderer and html2pdf packages.

VIDYA SCIENCE ACADEMY   Aug 2021 To Aug 2024
Co-Admin (Part Time)   Mumbai, Maharashtra
- Provided technical assistance and helped organize class activities to enhance the learning experience.
- Supported communication efforts with students and parents through regular updates and notices
- Assisted in managing student records, including attendance and grades.
